

# TECHNICAL DATA SHEET

## MAIN CHARACTERISTICS

### ACCESSORIES FOR CONDUIT SYSTEMS SECURITY SYSTEM SERIES

#### CONSTRUCTIVE TECHNICAL CHARACTERISTICS

Material: made of co-moulding halogen free technopolymer with high resistance to UV rays.  
Self-extinguishing V0 degree to UL94.  
IP67 Protection degree.  
Standard colour: grey RAL 7035.  
Resistance to abnormal heat: up to 960°C (Glow Wire Test, IEC 695-2-1 standard).  
Insulation resistance > 100 MΩ.  
Application temperature: minimum -5°, maximum +60°.  
Made in compliance with EN 61386-1, EN 61386-21 standards.  
Approvals: IMQ.  
Products in compliance with RoHS - 2002/95/CE directive.  
Products meeting the essential requirements of L.D.V. 2006/95 CE  
Made in Italy.
